

Kansas Juvenile Arrests

2020

Prepared by:

Kansas Bureau of Investigation

Incident Based Reporting Unit

1620 SW Tyler

Topeka, KS 66612

Methodology

The Kansas Bureau of Investigation (KBI) compiled the following 2020¹ statistical crime report based on arrest data submitted by local and state law enforcement agencies prior to May 1, 2021.

The arrest data represents the most accurate information available, reflecting crime as reported by law enforcement agencies through the Kansas Incident Based Reporting System (KIBRS). This system collects crime information from standard arrest reports submitted by the responsible law enforcement agencies. This report does not represent all arrests committed throughout the State of Kansas, as it is dependent upon law enforcement agencies submitting arrest reports to the KBI. Only Kansas Standard Arrest Reports that were submitted to the KBI were calculated for this report.

Data are gathered by one of three ways:

1. **Manual.** Reports are mailed from the local law enforcement agency to the KBI and the data are entered manually by KBI staff into KIBRS. These reports must pass a variety of validations in order to be accepted by the system.
2. **Electronic.** Agencies that have passed a certification process may submit their reports directly into the system through an electronic gateway. These reports must also pass a series of validations in order to be accepted by the system.
3. **Direct.** Direct reporting, more commonly called summary reporting, involves an agency providing the KBI with a count for each crime. This form of reporting is dependent on the agency making proper classification of offenses and does not provide any additional information regarding a case. Direct reporting data was collected from submitting agencies on an annual basis.

The following factors should be considered when viewing this data:

This report distinguishes between agencies who have sent no data and those who have sent incomplete data. If an agency submits arrest reports for 2 months or less in the year, they are listed as not having submitted arrest data. If an agency submits arrest reports for 9 months or less in the year, they are listed as did not submit complete arrest data.

1. In the event where an individual is arrested on more than one offense, the more serious offense is typically counted.
2. Since not all crimes are solved at the time they are committed, arrests may be for an incident that happened in a previous year.
3. The FBI defines an arrest as, "all persons processed by arrest, citation, or summons." This should include: persons arrested and released without formal charges being placed against them, and juveniles taken into custody but merely warned and released to parents.
4. Please note the spreadsheet is four pages wide to provide all the information in a font large enough to read. In a "book format," you will see four pages with the same agencies; however, the offenses across the top of the page are different, as are the counts. The total crime report for each agency is on the fourth page.

The final responsibility for data submissions rests with the individual law enforcement agency. The KBI makes every effort through its editing procedures, training practices, and correspondence to ensure the accuracy of the data it receives. The accuracy of the statistics depends primarily on the adherence of each contributor to the established standards of reporting.
